

THE BEST DAY WALKS ON NORFOLK ISLAND
(with several additional excursions!)
16-23 October, 2025

Norfolk Island offers all the things you love about the South Pacific, and a whole lot more. Around every bend you'll find a new surprise or twist that will make you rethink your notions of paradise. The beaches are some of the Pacific's best, with impossibly clear waters sheltered by teeming coral reefs just a short swim from the sand. But you'll also discover moody cliffs where waterfalls tumble into the sea and dramatic headlands with views that go on forever.

The culture, too, is unlike any other in the Pacific, proudly weaving together the DNA of Bounty Mutineers and their Polynesian families. And as for *food culture*, they've been enjoying organic produce and paddock-to-plate dining long before it became 'a thing'. When it comes to nature, any ol' island can grow coconut trees. This *island* is home to the tallest fern trees on the planet and towering pines that tickle the underbellies of passing clouds, while the lush forests and offshore islands are sanctuaries to some of the world's rarest birds.

COVID POLICY AND SAFETY MEASURES 2024-2025

In recent times there has been significant relaxation of the rules around travel associated with COVID-19. In that context, we have updated our COVID-19 policy and associated safety measures in line with official advice.

Footsteps has appropriate safety measures in place to help manage and mitigate COVID-19 risks on all trips operated by us. We have robust procedures and protocols in place for your wellbeing.

We would like to acquaint you in more detail with the Footsteps Covid policy, which in turn reflects that of most tour companies. **These are our expectations, which are now a condition of your booking a trip and travelling with us:**

1. You will ensure that Covid cover is part of your travel insurance policy. It is essential that you do this in order that that any unexpected circumstances, including risks of needing to cancel tour participation due to COVID or illness, can be reimbursed by your insurance company.
2. No guest should present for a tour if they are unwell, or have symptoms that may impact their ability to complete the walks/activities safely, having regard to their own interests and those of fellow guests and guides.
 - If you are older, not up-to-date with vaccinations, or at high risk for other reasons, talk to your GP, community pharmacy or local healthcare provider to find out more.
 - Since airlines no longer require pre-flight testing, you should take a RAT test within 48 hours prior to coming on the trip. If positive, you should not embark on the trip in terms of contact with the rest of the group. You can fly to your destination if you wish, but not participate with the group until you are clear.
 - If upon pick up at our meeting location on day one you are displaying any symptoms, our guides may make a determination as to whether you are sufficiently fit and healthy to continue with the tour.
3. We recommend that you wear a mask in all crowded spaces, such as airports, planes, buses, shopping centres, restaurants, transport hubs. It is strongly recommended that you also wear a mask when with the group.
4. As an added safety precaution, Footsteps asks that all guests ensure prior to trip departure that they have an adequate supply of face masks, hand sanitiser and an approved rapid antigen COVID-19 test kit.
 - Since RAT tests are not supplied, you need to bring them with you on the trip, and test yourself every 3-4 days, as well as at the first sign of feeling unwell. If you have any suspicion of having Covid, you should do a test. You must also take a RAT test if asked to do so by the trip leader or tour agency.
 - You are most infectious (or contagious) in the first 5 days *after* your symptoms start. You can also spread COVID-19 in the 48 hours *before* your symptoms start. If you never have symptoms, consider yourself most infectious in the 5 days after you test positive.
5. Guides may choose to evacuate a guest off the tour if they have concerns about the ability of that guest to complete the walks/activities safely, having regard to their own interests and those of fellow guests and guides.

- If you contract Covid during a trip, it is anticipated that you will immediately isolate yourself as much as possible from the other participants.
- Rest is vital - too much activity while having Covid or while taking anti-virals, can worsen the condition.
- In the event of the need to isolate, or to evacuate you from a tour, arranging accommodation, treatment, medication, and meals are primarily your responsibility, as are any additional associated costs. However, our team will reasonably assist in organising these things (after having regard among other things to the interests of fellow travellers and guides).
- On longer trips, it is anticipated that you will continue to travel with the group (usually in rear of the vehicle) unless you require significant treatment, but everyone must mask up.

We cannot guarantee that nobody will contract Covid on any of our trips. That possibility is now a fact of life. However, the above measures are designed to prevent this from happening, and to ensure that everyone knows what to do in the event of it happening.

Thanks for your understanding and anticipated precautions.
